

# Emergency First Response Instructor

## Emergency First Response Instructor Course:

During the Emergency First Response Instructor course, you will build on your skill as an Emergency Responder and focus on developing your instructional abilities to teach these skills to others. The Instructor course provides you with the additional training necessary to teach the Emergency First Response Primary Care (CPR), Secondary Care (First Aid) and Care for Children courses. (Region-specific courses including First Aid at Work Asia Pacific and First Aid at Work Great Britain require additional training.) Through a multi-media approach of independent study, classroom sessions and practical teaching assignments, you learn to conduct Emergency First Response courses.

The instructor course covers specific goals and performance requirements for the Primary Care, Secondary Care and Care for Children courses, along with instruction on how to structure learning, the requirements of performance-based training, and your role as the instructor in the learning environment. You also learn how to motivate students, evaluate student knowledge, present course content effectively, become proficient in developing students' hands-on skills practice sessions, and are taught how to present an effective scenario-based learning experience.

### Pre-requisites:

Adult/Child/Infant CPR in the last 24 months  
Basic First Aid training in the last 24 months  
18 years of age

### Costs:
